## LOVE TRILOGY IN 3/4 TIME! Just in time for Valentine's Day...

Paula C Snyder releases three melodic love “stories”. These songs express stages of love through life just in time for Valentine's Day. The EP of ¾ time (waltz) originals is expected to be available at Paula’s public performances in the greater Raleigh area starting ~ February 12, 2010.

While working on multiple songs in the studio this past year, Paula found this trio of songs was destined to be completed first. Since they were all in ¾ time and about love, it seemed natural to create “Love Trilogy...” as an EP compilation.

- ♥ **"Of Love"** contemplates love and life...how it eludes...how it binds...and how to find it...*Searching...*
- ♥ **"Would Wait to Meet My Love"** almost back to the Renaissance...an image in dark solitude, still trusting love will come...sharing joy & abandon when it does...*Finding...*
- ♥ **"A Quiet Love"** tells the story of long-lived love...the calm, serene love that lasts beyond a lifetime...*Lasting...*

These stories about love are presented with flowing melodies and smooth, soothing voice -- wonderful for easy listening, hearts relating to, (and maybe just slow dancing with your sweetheart). Lyrics, music, & arrangements were written & performed by Paula C Snyder. Guest artists, Paul Barton (guitar on “Of Love”) and Miner Gleason (violin on “A Quiet Love”) sweeten the mix. The songs were co-produced by Paula C Snyder & Paul G Barton and recorded at Paul’s Studio, Studio 415 Inc, in Clayton, NC.

Paula will be offering a special combination package deal on her previously released 15 original song compilation (“Renewed”) & “Love Trilogy...” during performances through the month of February and March. Visit Paula’s website calendar ([www.pcsnydermusic.com/calendar](http://www.pcsnydermusic.com/calendar)) for public performance dates. Individual song downloads will also be available soon.
